**BACHELOR OF SCIENCE IN CHEMISTRY AND BIOLOGY** - AZERBAIJAN STATE PEDAGOGICAL UNIVERSITY

Level in EQF: 6

## ● WORK EXPERIENCE

01/06/2025 - CURRENT - BAKU, AZERBAIJAN

**SOFTWARE DEVELOPER** ERP-INTEL LLC

Building and maintaining cross-platform client-side solutions, focusing on high-performance Frontend dashboards using React.js and dynamic mobile applications using React Native and Flutter.

Optimizing client-side application performance, responsiveness, and state management flow.

Ensuring seamless RESTful API integration between backend microservices and modern user interfaces.

Joined the company as an Intern and rapidly transitioned into a full-time engineering role due to successful module delivery and fast adaptation.

10/06/2024 - 01/04/2025 - BAKU, AZERBAIJAN

**SOFTWARE DEVELOPER** UPWORK / REMOTE

Developed and maintained scalable, responsive web applications for international clients using React.js and modern frontend technologies.

Delivered clean, modular, and maintainable code for diverse projects, ranging from custom management dashboards to interactive user interfaces.

Integrated complex RESTful APIs smoothly to ensure efficient data flow and dynamic user experiences.

Managed full frontend project lifecycles independently—from requirement gathering and prototyping to final client-side deployment and debugging.
